Singapore Packaging Star Award is a prestigious national award honouring companies and individuals with innovative and unique packaging designs. Started in 1998 it continues to be the most renowned award in Singapore which recognizes excellence in packaging in the areas of creative designs, material usage, functional performance, brand enhancement and environmental consciousness.

Singapore Packaging Star Award as a springboard, many companies have also won global acclaim, such as the Asia Star Award by the Asia Packaging Federation and the World Star Award by the World Packaging Organisation.
